EXECUTIVE DIRECTOR

Dear Teachers:

We are glad you have chosen to share Whitehall with your students. While there will be many exciting things to see on your tour, it's impossible to see everything in the short time you will be with us, including the Museum Store.

The Flagler Museum has created a special school souvenir bag option for your students who would like to have a token of their visit. Each bag is \$5.00 and includes a selection of souvenirs for your students to enjoy. The enclosed flyer (also available in the "Teachers Resources" section of the Museum's website) can be distributed to students prior to the field trip and money collected prior to your classroom's arrival to the Museum. Upon check in, please give the Reservation Coordinator the attached order form with payment in the form of cash, a school-issued check, or credit card. Your student's bags will be available on the front portico of Whitehall at the end of your tour for distribution at your convenience.

The Museum Store has many good resources available for teachers, including most titles on the "Suggested Reading List for Teachers" found in the "Teachers Resources" section of the Museum's website at [www.flaglermuseum.us](http://www.flaglermuseum.us). Please click on the Museum Store's link to browse these books and DVDs, which will add value to your classroom's field trip experience and study of Florida's History.

We look forward to your visit to the Flagler Museum!

Jennifer O'Brien  
Visitor Services Director
