Flagler Museum Open on Saturday, July 4th

General Admission Tickets are now available for purchase for dates in July

PALM BEACH, FL - The [Henry Morrison Flagler Museum](http://www.flaglermuseum.us), located at One Whitehall Way in Palm Beach, will be open to the public on Saturday, July 4th during its current visitor hours of 10 a.m. to 4 p.m. The Museum has also released admission tickets for the month of July, which are available for pre-purchase at www.flaglermuseum.us/visiting.

The Museum continues to follow guidelines from the Office of the Governor, Palm Beach County and the Town of Palm Beach, as well as safety mandates from the Centers for Disease Control and Prevention, to inform its enhanced procedures. Below is a recap of the Flagler Museum's previous announcement regarding its current operating hours, ticketing procedures, the visitor experience, tour options, public safety protections and the Museum Store.

Operating Hours

To manage traffic flow and ensure the safety of visitors, the Museum has modified its hours of operation. Open hours are Tuesday through Saturday, from 10 a.m. to 4 p.m. until further notice.

New Ticketing Procedures

To ensure appropriate social distancing and crowd control throughout the day, as well as the safety of the Museum staff, the Museum is implementing new ticketing procedures. All visitors will be required to pre-purchase General Admission tickets using a credit card or PayPal, and will be limited to four (4) tickets per purchase. Walk-up ticket sales will not be permitted until further notice. The Museum is also adopting timed entry. All visitors will be required to choose their entry date and time when pre-purchasing General Admission tickets. The Museum requests all visitors plan to arrive as close to their entry time as possible.

Museum Members at all levels will continue to enjoy unlimited free admission to the Museum as a benefit of membership, but will also be required to reserve their admission date and time in advance. The same rule applies to those holding complimentary Tour Passes to the Museum.

Visitors, Tour Pass holders and Museum Members may pre-purchase tickets online by visiting <http://www.flaglermuseum.us>. For those who are unable to purchase tickets online or who do not have an email address to receive electronic tickets, please call the Museum at (561) 655-2833 ext. 10 for assistance.

Visitor Experience and Tour Options

As part of the Museum's new protocols, visitors (both children and adults) touring the property will now be required to follow a one-way, fixed route, starting with a contactless point of entry. Due to social distancing guidelines, group and docent-led tours have been replaced with self-guided tour options. Visitors may choose either a paper brochure to read as they go through the Museum, or listen to a narrated tour on their own personal device by downloading the free Flagler Museum App. Complimentary earbuds will be provided if guests arrive without their own, and free Wi-Fi is available. For children, the Museum offers a printed "Tour and Activity Guide for Kids" with their admission.

As it was before the closure, the visitor experience will continue to include the first and second floors of Whitehall, its grounds and the Flagler Kenan Pavilion, which houses Flagler's Railcar No. 91. The Exhibition Gallery on the second floor will also be open, as the Museum's Winter Exhibition, *Walk This Way: Historic Footwear from the Stuart Weitzman Collection*, has been extended until further notice. The exhibition, organized by the New-York Historical Society, explores how shoes have transcended their utilitarian purpose

to become representations of culture — coveted as objects of desire, designed with artistic consideration, and expressing complicated meanings of femininity, power, and aspiration for women and men alike.

The Museum is accessible to all individuals, including those using wheelchairs and assistive devices.

Public Safety Protections

The Museum is requiring all visitors over the age of 2 to bring their own mask or face covering, which will be required for entry. Masks or face coverings must be worn at all times by all visitors as well as Museum staff members while on the Museum's property. Visitors will practice safe social distancing of 6 feet while in the presence of others.

In addition to the Museum's standard cleaning procedures, new measures to ensure sanitizing on a repetitive basis have been put in place for all high-touch surfaces. All restrooms have been modified to accommodate just one person at a time to ensure social distancing and sanitary conditions.

Hand-sanitizing stations have been strategically placed throughout the Museum, including at points of entry and outside restrooms.

Socially-distanced Shopping at the Museum Store

For the comfort of our visitors, the Museum Store is now located in the vast West Room for those who are interested in socially-distanced, touch-free shopping. Merchandise will be on display, and Museum Store staff will be assisting shoppers with fulfillment and purchases. Credit cards only; cash will not be accepted until further notice.
